Subject: Falcon Refinery RI/FS (TO088) - Request for PRP Lab Data
Date: Thursday, July 17, 2014 1:33:15 PM

Brian:

We are in the process of reviewing the recently received pdf copies of the laboratory reports from the initial sampling at the Falcon Refinery site by the PRPs. The electronic deliverable from the lab for this data would help us considerably in completing the RI for the site. They would allow us to directly load the PRP generated data into our database reducing the level of effort and possible errors of hand loading the data from the pdf copies. Please request the electronic deliverables from the PRPs. If they do not have them, request that they provide permission for Accutest to provide the deliverables to us. We can work directly with the lab if the PRPs grant permission.

Please let me know if you have any questions or need anything else.

Thank you,
Bob Owens
